This isn't your average color class—it's an immersive, problem-solving journey into the real challenges colorists face behind the chair. Color Master 2.0 is an intensive two-day workshop built for advanced stylists ready to sharpen their skills and strengthen their confidence under pressure. From live model demonstrations to mannequin challenges, you'll collaborate with Keune Experts Amber and Alicia to diagnose, design, and deliver solutions that work.

Day 1 is about real-time collaboration—you'll analyze, consult, formulate, and watch as Amber and Alicia take one real-world model from "what happened?" to "heck yes!" while narrating every step of the process.

Day 2 flips the script. Your mannequin becomes the client—complete with a challenging salon scenario. With expert guidance, you'll problem-solve, apply, tone, and refine your way back to a unified target result. Along the way, you'll build confidence in your decision-making and strengthen your problem-solving mindset. This is skill exploration. This is creative practice for real salon life. And this is how you level up.

Why You Should Attend:

- Watch real-time transformations from consultation to finish
- Problem-solve hands-on with advanced mannequins
- Practice authentic consultation + correction skills
- Gain confidence in diagnosis, formulation, and creative solutions

You'll leave with sharper techniques, renewed confidence, and the mindset to face any client challenge. You're not just learning—you're mastering.
